

The best possible medical care for your employees and their families.

A DECISIVE EDGE IN ATTRACTING AND KEEPING TOP EXECUTIVES.

Our premium health care services provide your company with an edge in today's tough competition for the best executives, expatriates and international assignments.

Our long experience shows that employees and their families place a high value on the availability and easy access to first-class health care. It can be a key factor in their decision to accept an offer of employment or to take on an expatriate assignment.

All medical services provided by SWMIXMED LTD

We are there - every step of the way

Nestled in the heart of Europe, Switzerland boasts one of the best healthcare systems.

Despite the benefits of the Swiss healthcare sector, being abroad, handling medical care may be very difficult.

In such situations, we will make sure that your employees and their families can rely on one highly competent and local single point of contact.

Your main contact will be a personal case manager, who coordinates and monitors all medical arrangements, ensuring timely treatment with highly qualified medical teams, thus ensuring fast, simple and completely discreet service.

So whatever your employee's health care needs or concerns are, we will attend to them
– **EVERY STEP OF THE WAY** –

Our services include:

1. Comprehensive organization of medical care, from initial inquiries to termination of treatment
2. Personal initial introduction on health care services by SWIXMED.
3. Access to the SWIXMED Guest Relations Department.
4. Organization of answers to medical questions.
5. Organization and coordination of all medical appointments - Tailor-made treatment plan according to your employees' current requirements
6. Accompanied visits to medical appointments in-patient **and** out-patient treatments (upon request).
7. Personal assistance with check-in procedures at the doctor's office or at the hospital.
8. Active case management.
9. Access to our Guest Relation Department in case of language problems, organization translation of medical files is needed, or coordination with your doctor at home.

HOW IT WORKS:

YOUR COMPANY

Purchases access to a premium medical network with easy cost control.

YOUR EMPLOYEE

Contacts SWIXMED by phone, fax or e-mail in case that medical treatment is needed. Your employee may ask questions such as: "I need a doctor for my child's vaccinations"- "I have a stomach problem, which doctor should I consult?" – "My wife has a cancer diagnosis, can you connect me to a leading doctor for cancer?"

SWIXMED

Acts as the single point of access, connects your employee to leading doctors, arranges and coordinates medical appointments and treatments, provides personal guest relations and case management, organizes translation services where needed, assures complete discretion.

MEDICAL TREATMENT

By leading specialists in primary hospitals with tailor-made treatment plans.

All medical services provided by SWIXMED LTD
